Climate change

Expected agriculture loss rate

Economic loss to agricultural value resulting from natural hazards each year

--
missing data

Expected building loss rate

Economic loss to building value resulting from natural hazards each year

63rd
not
above 90th percentile

Expected population loss rate

Fatalities and injuries resulting from natural hazards each year

71st
not
above 90th percentile

Projected flood risk

Projected risk to properties from projected floods, from tides, rain, riverine and storm surges within 30 years

40th
not
above 90th percentile

Projected wildfire risk

Projected risk to properties from wildfire from fire fuels, weather, humans, and fire

33rd
not
above 90th percentile

movement in 30 years

AND

Low income

People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher ed

69th
above 65th percentile

Energy

Energy cost

Average annual energy costs divided by household income

24th
not
above 90th percentile

PM2.5 in the air

Level of inhalable particles, 2.5 micrometers or smaller

86th
not
above 90th percentile

AND

Low income

People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher ed

69th
above 65th percentile

Health

Asthma

Share of people who have been told they have asthma

35th
not
above 90th percentile

Diabetes

Share of people ages 18 years and older who have diabetes other than diabetes during pregnancy

66th
not
above 90th percentile

Heart disease

Share of people ages 18 years and older who have been told they have heart disease

64th
not
above 90th percentile

Low life expectancy

93rd
above 90th percentile

Average number of years a person can expect to live

AND

Low income

People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher ed

69th
above 65th percentile

Housing —

Historic underinvestment

Census tracts with historically high barriers to accessing home loans

Yes

Housing cost

Share of households making less than 80% of the area median family income and spending more than 30% of income on housing

74th
not
above 90th percentile

Lack of green space

Amount of land, not including crop land, that is covered with artificial materials like concrete or pavement

66th
not
above 90th percentile

Lack of indoor plumbing

Share of homes without indoor kitchens or plumbing

21st
not
above 90th percentile

Lead paint

Share of homes that are likely to have lead paint

78th
not
above 90th percentile

AND

Low income

People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher ed

69th
above 65th percentile

Legacy pollution

Abandoned mine land

Presence of one or more abandoned mine land within the tract

No

Formerly Used Defense Sites

Presence of one or more Formerly Used Defense Site within the tract

--
missing data

Proximity to hazardous waste facilities

Count of hazardous waste facilities within 5 kilometers

52nd
not
above 90th percentile

Proximity to Risk Management Plan facilities

Count of Risk Management Plan (RMP) facilities within 5 kilometers

88th
not
above 90th percentile

Proximity to Superfund sites

Count of proposed or listed Superfund (or National Priorities List (NPL)) sites within 5 kilometers

47th
not
above 90th percentile

AND

Low income

People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher ed

69th
above 65th percentile

Transportation

Diesel particulate matter exposure

Amount of diesel exhaust in the air

94th
above 90th percentile

Transportation barriers

Average of relative cost and time spent on transportation

5th
not
above 90th percentile

Traffic proximity and volume

Count of vehicles at major roads within 500 meters

89th
not
above 90th percentile

AND

Low income

People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher ed

69th
above 65th percentile

Water and wastewater —

Underground storage tanks and releases

Formula of the density of leaking underground storage tanks and number of all active underground storage tanks within 1500 feet of the census tract boundaries

85th
not
above 90th percentile

Wastewater discharge

Modeled toxic concentrations at parts of streams within 500 meters

76th
not
above 90th percentile

AND

Low income

People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher ed

69th
above 65th percentile

Workforce development —

Linguistic isolation

Share of households where no one over age 14 speaks English very well

45th
not
above 90th percentile

Low median income

Comparison of median income in

71st
not
above 90th percentile

the tract to median incomes in the area

Poverty

Share of people in households where income is at or below 100% of the Federal poverty level

71st
not
above 90th percentile

Unemployment

Number of unemployed people as a part of the labor force

77th
not
above 90th percentile

AND

High school education

Percent of people ages 25 years or older whose high school education is less than a high school diploma

12%
above 10% percent
